

DEBUT CONCERT

December 2nd 2006

You are invited to a debut concert for Sara's new CD A Portrait. Sara's purpose for this CD was to 'paint a portrait' of who God is for each one of us wherever we may be in our lives' journey, with the ultimate outcome of Christ being painted upon our own hearts. Her CD consists of hymns, worshipful music and her own original songs. All reflective of the many facets of who God is. Her music style ranges from contemporary to gospel.

Please bring your family and friends for an evening of powerful music and testimony.
